Blanket of the Earth – The Atmosphere

Atmospheric Chemistry – Global Climate Change Discussion Group – 2. Meeting on:

February 24, 2004; 11:30am – 12:30pm, Flanner Hall 129.

Contact:  Martina Schmeling, 8-3124 or mschmel@luc.edu

The Earth atmosphere was necessary to create life, is necessary to live and will be necessary to sustain life on Earth. We will talk about the atmosphere with respect to life on Earth, good and bad ozone, weather and more. Come and participate!!
